Dear Faisal,

If you do any more for the B'nai Brith, you may end up getting a dues invoice. Seriously, you do more for our Dinner than most of our own members. Year in and year out, since 2018, we have been honoured to have you as our Proud of You Sponsor. When you go to the podium, our guests listen because they know you are speaking from the heart. Even during Covid, you hung in there with your generous financial and significant ticket-selling support.

Saying "Thank You" doesn't even begin to appropriately express our appreciation for everything you have done, and we look forward to many more years with you. So I will instead just say, "Yasher Koach" - *may what you just did be a source of strength!*

Happy New Year!
